The New **Performance Series**

Satellite P SERIES

FEATURES

Delicate and Elegant Design

The sleek, pure and intuitive aluminum chassis is created by state-of-the-art CNC manufacturing process (used by the aerospace industry to build mission critical, high precision components), resulting in a frameless keyboard to palm-rest design with delicate, thin edges.

The Toshiba logo is embedded sleekly into the surface chassis for a classy touch.

Excellent Full HD Display and Superior Gaming Performance

Enjoy stunning visuals with the ultra-bright 300nits Full HD LED display without compromising on performance, thanks to NVIDIA®'s power-efficient GeForce® GT740/745M* graphics processor with up to 4GB of video memory.

** Depends on configuration*

Greater Usability, Better Computing Experience

Retain full control of your keyboard in the dark with the brightly lit LED tile keyboard. The Large ClickPad™ with multi-gesture control supports new Windows 8 edge swipe gestures. Additionally, Toshiba USB Sleep & Charge enables you to charge your mobile devices even when the notebook PC is switched off.

Long-lasting Battery

The Satellite P series comes equipped with next-generation lithium-ion prismatic battery that is not just lighter, but also enables up to 1,000 charge and discharge cycles before it reaches 80% of original battery capacity.

Captivating Entertainment with Harman Kardon® Speakers

Industry renowned Harman Kardon® speakers enhanced with DTS Studio Sound™ technology allow you to hear every nuance and chord perfectly. Toshiba Sleep & Music lets you enjoy your music through the high-fidelity speakers even while your notebook PC is switched off.
